

24/7 Prayer Saturday 14th August- Friday 20th August

What's the vision? What's the big idea?

The vision is Jesus..obsessively, dangerously, undeniably Jesus.

"The 24-7 prayer movement is one of the most out of control God-things anywhere on the planet.." Andy Hawthorne, The Message Trust

During the week of **Louder**, people will be joining a movement that has grown massively around out earth, and all in a small blue metal hut outside Granshaw Presbyterian Church.

We want you to help us, to join in this movement and pray continuously, for a week.

1 Thessalonians 5:16 - "Pray without ceasing."

"Last night, as you slept someone, somewhere was praying 24-7. In fact, right now, as you read these words, people are interceding in scores of locations around the world. This has been continuing every minute of every hour of every day since 1999. Participating groups simply find a venue in which to establish a night-and-day prayer vigil by splitting each day into one-hour shifts, thus filling anything from a weekend to many years with an unbroken chorus of prayer and worship." - **and Granshaw are joining in. To sign up for an hour slot or more, please contact one of the below numbers.**
